ADMINISTRATIVE AGENDA

Mr. Thompson reported that the Civic Center residing is almost complete; landscaping and installation of a generator will come next.

Mr. Morris and Ms. Reiche briefly discussed the damaged fire trucks.

Mr. Thompson reported that water meter installation is progressing on schedule.

Mr. Thompson distributed a codification proposal received from General Code. Mr. Thompson advised the Council to read the proposal and formulate questions; Mr. Babb from General Code will be attending the meeting on September 6th to address any concerns they may have.

Mr. Thompson noted that the PTA has requested that the Township donate beach memberships for the 2013 season to their annual tricky tray. A motion was made by Ms. Kanzenbach, seconded by Mr. Pepperman, and approved by a vote of all ayes to donate one beach membership to the PTA tricky tray.

Mr. Thompson and Mr. Morris met with Mr. Paschal regarding the Right to Farm Ordinance. Mr. Paschal had questions and concerns, which were emailed Mr. Oostdyk this afternoon. No action will be taken at this

meeting because these concerns were only sent to the attorney a few hours ago. Mr. Oostdyk will review changes, and the Council can continue to entertain this matter at a future meeting.

Ms. Kanzenbach asked if the NJ DEP has approved the sewer plans for behind L&L. Mr. Thompson responded that Morris County sent the plans to DEP, but DEP claims to have never received them. Mr. Thompson will check in with the County to try to find out what happened and push to have this project done before winter.

Ms. Kanzenbach reported that a resident contacted her about the condition of Thomastown Road. Mr. Thompson responded that pavement and trees are both problematic on Thomastown Road and that the Township's policy needs to be reviewed. He believes the developer should be assisting with the repair of the road since most of the damage is likely the result of his heavy truck traffic.

Mr. Thompson reported that the mulch site is open to residents each weekend from 9am until 12pm, manned by a resident.

Mr. Morris reported that the drilling company came out earlier this week to investigate mine concerns. They have already identified a large void in the area of the salt shed which will likely result in demolition of the shed. They will be back later in the month with different equipment for a more thorough examination.

Mr. Morris reported that NJ DOT wants to remove the cross walks from Route 46. DOT says that if the Township supplies the plans, they will replace the cross walks before school starts. Mr. Morris has Township Engineer Paul Sterbenz working on the plans.

Open Space

Mr. Bloom reported that the State has authorized the funds for the trail work in town. The funding should be in place in a few weeks and then the work can be completed. The State also provided two signs that they would like installed at the property indicating the source of the funds.

OPEN TO THE PUBLIC

John Paschal, Thomastown Road

Mr. Paschal asked if any bids have been received for management of the mulch site. Mr. Thompson responded that the RFP hasn't been written yet. Mr. Paschal thought that there was a ruling that mulch site management did not need to go out to bid; Mr. Bucco will research that. Mr. Bucco added that even if bidding is not required it may be preferable to the Township.

Mr. Paschal also noted that his notes on the draft Right to Farm Ordinance are just "scribbles" and may require some clarification. He added that Morris Township's ordinance, which this is modeled off of, has not yet been approved by Morris County Agricultural Board. Mr. Bucco responded that the Township would be submitting our ordinance for approval to them before introduction.

Mr. Paschal also asked if the Township could research other Right to Farm ordinances from other towns to get some ideas on how to formulate the ordinance. Mr. Morris asked how much longer he wanted to delay the process. The Township was willing to move on the ordinance tonight, but his notes have slowed the process again, and pulling additional ordinances will increase the time required to finalize. Discussion followed regarding Mr. Paschal's thoughts on the currently drafted ordinance. Mr. Morris noted that the largest issue is animals per acre, which the Township hopes to keep to a minimum. Mr. Bucco was instructed to ask MCAB for another town's ordinance that they have already approved that the Township can use as a model.

Bill Orlandi, Anderson Place

Mr. Orlandi asked about a telephone poll in front of his property. Mr. Morris responded that the poll is owned by Verizon. Verizon's response when asked to remove the poll was that the poll is no longer their problem because his property is no longer serviced by Verizon. Mr. Morris asked Mr. Bucco to reach out to his contact at Verizon to see if he could get some cooperation. Mr. Pepperman suggested that Mr. Orlandi call the Board of Public Utilities.

Tony Campo, Wharton Avenue

Mr. Campo asked for an explanation of the Rental Property Registration fee of \$500 per rental per year. Mr. Thompson explained the ordinance and discussion followed. Mr. Bucco advised Mr. Campo to abide by the current law, and suggested that the Council could consider a revision to the fee for the next calendar year.

If, in the opinion of the Police Department or the Township Engineer, the location is sufficiently close to a vehicular intersection or pedestrian path, the permit may require that the unit be equipped with appropriate reflectors or other safety markings so that the unit will not constitute a hazard to traffic or pedestrians. The specific number, location and type of markings shall be determined by the Police Department or the Township Engineer and noted on the permit at the time of its issuance or at any time thereafter.
